Product Introduction

Inspired by the moment when the first rays of dawn illuminate the earth, this series of light fixtures is designed to create soft, warm lighting that mimics the natural feel of morning light, bringing tranquility and comfort to every home space °

Shape and Material :

The design inspiration for the Dawn Light Lamp Series comes from the hazy skyline at sunrise. Through smooth lines and minimalist geometric shapes, combined with the soft matte finish of the lamp body, the light and material blend to create a modern yet warm and comfortable lighting effect.

Sunrise

The design inspiration comes from the moment of sunrise, with the slightly elongated oval lampshade symbolizing the power and hope of the rising sun, infusing the space with soft and warm light.

Daybreak

The dome lampshade is inspired by the first rays of dawn, symbolizing the beginning of a new day. The light is filled with hope and vitality, creating a naturally fresh lighting feel in the space.

Starlight

The slightly conical lampshade design resembles the twinkling stars in the night sky, calm and elegant. The matte finish of the lamp body further softens the light, adding a touch of mystery and tranquility.

Mist Dawn

The rounded and solid lampshade is like a hazy light and shadow in the morning fog, emitting a warm and soft effect through the frosted material, perfectly blending the light with the home, and creating a comfortable and pleasant atmosphere.

Product Introduction

Color Selection :

The color inspiration of the Dawn series comes from the changes in the sky during different stages of dawn, bringing rich emotional layers and lighting effects to the space :

Midnight Black

Like the deepest darkness of the night, this calm and mysterious black represents the tranquility before dawn, forming a strong contrast with other colors and creating a modern and restrained sense of space.

Blush Dawn

The inspiration comes from the pink afterglow of dawn, the soft and romantic pink presents the clearness and vitality of dawn, bringing a lease of life to the atmosphere.

Daylight Ivory

Like the gradually increasing light of dawn, this soft off-white color is fresh and bright, creating a natural and comfortable lighting atmosphere, filling the space with warmth and tranquility.

Sunrise Yellow

Representing the first rays of sunlight in the morning, this bright yellow is full of hope and vitality, infusing the space with warm colors and evoking anticipation for a wonderful day. These colors not only adapt to various interior decor styles but also bring a touch of warm light to residents at night.

Function Design :

The Dawn series lighting fixtures are equipped with dimming functions, allowing users to adjust the brightness according to different times and moods. The overall design emphasizes a balance of practicality and aesthetics, making the equipment not only a light source but also a unique decorative piece in the home.

Applicable scenarios :

The Dawn series lighting fixtures are suitable for placement in spaces such as bedrooms, studies, and living rooms, where a cozy atmosphere is desired. They can provide gentle wake-up light in the morning and create a relaxing environment at night, perfectly catering to modern people's diverse lighting needs at home. This design aims to convey the beautiful feelings of each morning's start through its simple appearance and soft light.
